Sir

In enclosing herewith the records relating to the objection raised in para 37 in the Audit Notes for 1930-31 relating to Hassan Municipality, I have the honour to state as follows

The local auditor at the time of his auditing the Municipal accounts of 1930-31 in Hassan Municipal Office raised an objection for the payment of Rs 57/- for an item of work viz bailing out water from the drinking water well in A K Colony The payment was made under the following circumstances

Certain improvement works to the drinking water well in Kadigarakeri was got done through a contractor Bailing out water was one of the items of work This work was carried out on nominal roll basis during April 1928 The payment made for this item of work is held under objection

The objection is detailed as below

1 The nominal roll produced by the contractor for the work does not bear the certificate of the Sanitary Inspector for the actual employment of Coolies

2 Though the work appears to have been completed by 26-4-28, it was not included in the 2nd bill paid to the contractor on that date for the works relating to that well, done up to that date

3 The Sanitary Inspector has certified as "checked and found correct" on the nominal roll on 16-7-1928 ie nearly 3 months after that item of work was completed

The President answered the objections stating that, since the then Vice President certified as to his having checked the work on the nominal roll, and his successor recommended for passing the claim for payment, the then non Official President passed the same for payment it can be said that the work had actually been carried out and omission

omission on the part of the Sanitary Inspector to certify the employment of coolies may kindly be waived at this distance of time

The Controller has not accepted this reply and has observed that the amount under objection may be recovered from those responsible for the delay in taking action on the objection.

Now the President has submitted the connected papers for obtaining Government sanction to waive the objection explaining that the delay in taking action on the audit objection was due to frequent change of hands in the office etc

In the circumstances I request that Government may kindly be pleased to aive the objection on the ground that the item of work can be believed to have been carried out in the presence of the certificate of the then Vice President as having checked the work The omission on the part of the Sanitary Inspector to furnish necessary certificate on the nominal roll etc , may kindly be cordoned

I request you to kirdly obtain early orders of Government in the matter

I have the honour to be,
Sir,
Your most obedient Servant,

Deputy Commissioner,
Hassan District

included in 2nd bill dated 26-6-28
it was not done so and instead
this was carried on to the 3rd bill
~~bill~~ referred to above. This has
been objected to by the Auditor
4) It is further stated that ~~this~~ work
was an omission in properly checking
the bill with reference to nominal
roll etc before passing the bill
for payment, but yet ~~there~~ no
doubt is felt as to the execution
of the work The D.C. recommends
that the Comptroller's objection
may be waived and the omission
